### Stone Age Boy

Ben went to the damp cave and saw the cave paintings. He lit a fire so they could see. They looked for food so they could eat. Om and Ben looked around for any rocks so they can play on them. Ben and Om screamed because they saw eerie cave paintings on the wall. They ran deeper into the cave but the rocks blocked their way.

Suddenly, Ben went into the dark cave and Ben heard someone screaming into the cave. Ben and Om were running and someone was chasing them. Then the rocks fell in their way. Ben told Om that they were trapped and it was too dark so they lit a fire so they could see. Later on, Om asked Ben if they could play. Om saw bats and the bats came flying towards them. Ben and Om lit both of their torches because they had to fight them. Later on, Om asked Ben if she wanted to go hunting but Om was not sure if she wanted to so she said no. Ben got his spear and fought the bats. Later on, they lit a fire. Om threw her spear at the bats and the bats charged at them and they were angry.
