

# What's Happening Now?

How has Kings  
Furlong changed  
over time?

Why do places  
change?

How do maps work?

What are primary  
sources of evidence?

Why do people live  
here?

Can we use DT  
skills to create a  
wooden photo  
frame?

Can we use field skills  
to collect information  
about our locality?

# Lights Out!

How does light help  
us to see?

When can light  
be dangerous?

Can we work like  
scientists to carry out  
investigations about  
light?

Why does light  
reflect off  
some surfaces  
but not  
others?

Why do we have  
shadows?  
Why does their  
size change?

Year 3 Autumn 2
