

The Circle of Life

Why do different plants and animals have different life cycles?

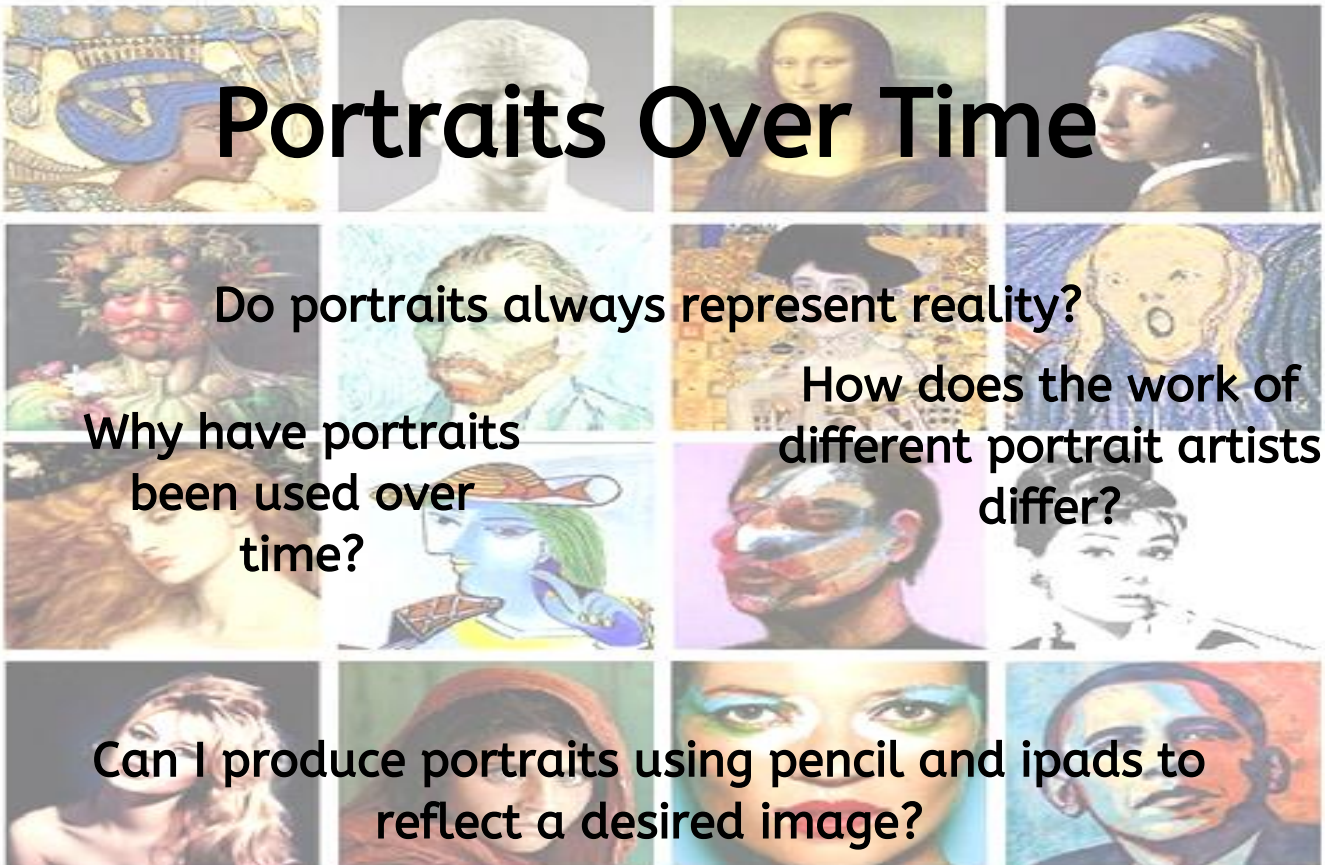

Where are different creatures placed in the food chain?

How are plants and animals classified into groups?

Can I produce a factfile about a creature which shows their category, life cycle and how they reproduce?

Portraits Over Time

Do portraits always represent reality?

Why have portraits been used over time?

How does the work of different portrait artists differ?

Can I produce portraits using pencil and ipads to reflect a desired image?
