Summary of the feedback given

I am pleased about...

- *Very positive first half term. Really grateful for the support and feedback given.*
- *Brilliant. We love this school.*
- *My child never has any issue coming to school, so clearly you're doing things right - so thank you!*
- *We are really happy with our child's progress at school so far. She is very happy and settled and her teacher has been excellent in providing feedback on her progress and dealing with any concerns we have had (which haven't been many!).*

One thing I would like to see...

- *A bit more advance notice for school events/activities.*
- *I would like my child to work on computer more.*
- *My child to have more confidence to speak in front of people.*
- *Additional maths work for home learning.*
- *A learning website or online learning for English & Maths*
- *A range of after school clubs*

We're already working on these suggestions!

How are we acting on your feedback?

A bit more advance notice for school events/activities.

We have improved the amount of notice given for events through our newsletter, website and letters going out as early as possible.

I would like my child to work on computer more.

We have recently purchased a class set of iPads and updated all laptops with Windows 10 so teachers can use them as often as possible.

My child to have more confidence to speak in front of people.

There is an expectation that in each year group, every child will have the opportunity to develop public speaking. This will be through parent assemblies and special performances.

Additional maths work for home learning.

We are currently reviewing our homework policy and how we provide additional learning opportunities for those parents who want it.

A learning website or online learning for English & Maths

In addition to the point above, we will also be reviewing websites that can help at home to support or challenge your child.

A range of after school clubs

We are currently reviewing the provision we provide to ensure there is a balance.
