Dear Parents and Carers,

Toys Not allowed in School

I am writing to clarify our expectations following a recent incident in school involving a Needoh (a squishy toy).

As previously communicated, children **should not** bring toys from home into school. The only exception to this is where a specific fidget tool has been agreed in advance by a member of staff to support a child's individual needs.

Unfortunately, a Needoh recently burst in school, causing liquid to ooze out. This presents a health and safety concern, as we cannot be certain what the substance contains or whether it could be harmful.

For this reason, Needohs (and similar squishy toys) are not permitted in school and should be kept at home, as these are not fidget tools we allow in school. Any such items brought into school will be removed and returned to parents/carers. Thank you for your understanding and continued support in helping us keep everyone safe.

Yours sincerely

Miss Westaway
